

MBMG PROGRAM PROPOSAL FOR VOLUNTEER/RESEARCH PROJECT

All long-term projects must have the pre-approval of the MG Advisory Board. Once approved the Board will seek regular updates on the status of the project. It is expected that the MG will continue beyond the 30 hour guideline and complete the project to the satisfaction of the organization with which they are working. There can be no compensation of any kind (salary, school credits, gifts, etc.) associated with a MG volunteer project.

Please contact Barbara Schilling at barbara.schilling@hp.com for approval.

Volunteer: _____

Address: _____

Phone/email: _____

Year/location of MG certification: _____

About the Project:

1. Description of proposed volunteer project (add at end of list or attach detailed description).
2. What would be the MG role in this project?
3. Organization name, address and phone for whom the project will be done.
4. Name and phone number of contact person in the organization in charge of the project.
5. What hours and days would the work probably be done?

6. Names of other MG volunteers working on the project (if any):

7. Who is responsible for maintenance once the project is completed? (Long term maintenance projects are not encouraged).

8. How much money, if any, is the MG organization expected to contribute to this project?

9. Where will the funding of the project come from?

10. Liability for physical injury/damage is NOT provided by the Master Gardener Program. Will the owner of the project site be able to provide you with coverage and proof of that coverage?
